

Happy New Year!

Northwest Trail Riders - we get together for fun rides and some destination trips. We are not an organized club, no real meetings, no dues,

just a group of friends getting together to enjoy the great outdoors via Mountain Bikes, as well as supporting and building trails. Typically we try to schedule easier rides at the beginning of the month progressively getting more difficult toward the end of the month. So if you're a beginner, the first Wed of the month is a good one to start out with us. I have also included some other information on other outdoor/trail activities and events including sea kayaking and trail running - so everyone get out and enjoy this spring and summer.

What to Bring: Bring Helmet, water, trail snack, tools, extra tube or patch kit and a pump. Most of us carry these items with us, but everyone should have them. All of the Wed rides begin at 5:30pm. See you there ready to ride!

If you would like to get on our e-mail list contact John at john@radicallyinclined.com.
